Program Cover Artist

Laura J. Larabee was raised on a farm overlooking the Mississippi River near Sabula, Iowa. The inspiration that she garnered from her surroundings led to the artwork she creates today.

As a free-lance artist, she has created numerous designs. Her experience also includes murals and commissioned paintings, such as the recently commissioned series of The Iowa Lions Donor Memorial & Healing Garden. This magnificent series is now available as limited edition giclée prints through the Iowa Lions Eye Bank.

CONCLUDING REMARKS

The Iowa Lions Donor Memorial

& Healing Garden

*honors and celebrates the gifts given
by Iowa families, and the work
of all who facilitate and support the
donation and transplantation process.*

*The theme of the memorial is
Hope, Renewal, and Transformation,
and commemorates those who
have transformed lives through their
generosity and courage, as well
as Iowa Lions and others who have
supported the work of donation.*
